Safety Data Sheet
acc. to OSHA HCS

1 Identification

Product identifier

Trade names: Bounce Instant Static Remover (Flairosol)

Application of the substance / the mixture
Consumer use.
Laundry Care

Details of the supplier of the safety data sheet

Manufacturer/Supplier:
Nehemiah Manufacturing Company, LLC
1907 South Street
Cincinnati OH, 45204
Business Phone: +1 (844) 333-6677

Information department: responsibility@nehemiahmfg.com
Emergency telephone number: US, Canada, & PR: 1-800-255-3924, Contract Number: MIS3420087
Information for domestic suppliers
This SDS is designed for workplace employees, emergency personnel and for other conditions and situations where there is greater potential for large-scale or prolonged exposure, in accordance with the requirements of workplace occupational health and safety regulations.
This SDS is not applicable for consumer use of our products. For consumer use, all precautionary and first aid language is provided on the product label in accordance with the applicable government regulations.
For more information visit nehemiahmfg.com/transparency.

2 Hazard(s) identification

Classification of the substance or mixture

The product is not classified, according to the Globally Harmonized System (GHS).

Label elements

GHS label elements None
Hazard pictograms None
Signal word None
Hazard statements None

Other hazards

Results of PBT and vPvB assessment
PBT: Not applicable
vPvB: Not applicable

3 Composition/information on ingredients

Chemical characterization: Mixtures

Description: Mixture of the substances listed below with nonhazardous additions.

Hazardous components:		
64-17-5	Ethanol	1–5%

(Contd. on page 2)

Trade names: Bounce Instant Static Remover (Flairosol)

(Contd. of page 1)

Additional information:
The exact percentage concentration of composition has been withheld as a trade secret or is disclosed as a range due to batch variation.

4 First-aid measures

Description of first aid measures
General information: No special measures required.
After inhalation: Supply fresh air; consult doctor in case of complaints.
After skin contact: Generally the product does not irritate the skin. Wash skin with plenty of soap and water.
After eye contact: Remove contact lenses, if present and easy to do. Continue rinsing.
After swallowing:
Call a poison control center or doctor immediately. Do not induce vomiting without medical advice. Never give anything by mouth to an unconscious person.
Information for doctor:
Most important symptoms and effects, both acute and delayed No further relevant information available.
Indication of any immediate medical attention and special treatment needed No further relevant information available.

5 Fire-fighting measures

Extinguishing media
Suitable extinguishing agents:
CO2, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.
Special hazards arising from the substance or mixture No further relevant information available.
Advice for firefighters
Protective equipment:
Normal firefighting procedures should be followed to avoid inhalation of smoke and gases produced by fire.
Fire-fighters should wear appropriate protective equipment and a self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures Not required
Environmental precautions: No special measures required.
Methods and material for containment and cleaning up:
Small spills: Wipe up any excess with cloth, sponge, or mop. Rinse surface with water. Allow surfaces to completely dry before use.
For larger spills, contain spillage using noncombustible absorbent material. Place waste product in containers for disposal according to applicable regulations. Do not vacuum.
Reference to other sections
See Section 7 for information on safe handling.
See Section 8 for information on personal protection equipment.
See Section 13 for disposal information.

7 Handling and storage

Handling:
Precautions for safe handling Wash thoroughly after handling.
Information about protection against explosions and fires: No special measures required.

Conditions for safe storage, including any incompatibilities
Storage:
Requirements to be met by storerooms and receptacles: Keep packaging tightly sealed until ready for use.

(Contd. on page 3)

Trade names: Bounce Instant Static Remover (Flairosol)

(Contd. of page 2)

Information about storage in one common storage facility:
Keep away from incompatible materials. Protect containers from physical damage.
Further information about storage conditions: None.
Specific end use(s) No further relevant information available.

8 Exposure controls/personal protection

Additional information about design of technical systems:
Technical measures and the application of adequate working methods take priority over the use of personal protection equipment. Use process enclosures, local exhaust ventilation, or other engineering controls to keep worker exposure to airborne contaminants below any recommended or statutory limits.

Control parameters:

Components with limit values that require monitoring at the workplace:	
64-17-5 Ethanol	
NIOSH REL	Long-term value: 1900 mg/m³, 1000 ppm
PEL	Long-term value: 1900 mg/m³, 1000 ppm

Additional information: The lists that were valid during the creation were used as basis.

Exposure controls
Personal protective equipment:
General protective and hygienic measures: Clean skin thoroughly immediately after handling the product.
Breathing equipment:
Respiratory protection should be worn when there is a potential to exceed the exposure limit requirements or guidelines. If there are no applicable exposure limit requirements or guidelines, wear respiratory protection when adverse effects, such as respiratory irritation or discomfort have been experienced, or where indicated by your risk assessment process.
Protection of hands: Wear protective gloves as appropriate.
Material of gloves Chemical-resistant, impervious gloves complying with an approved standard should be worn.
Eye protection:
Safety glasses or goggles complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts.

9 Physical and chemical properties

Information on basic physical and chemical properties
General Information
Appearance:
Form: Liquid
Color: White
Odor: Perfume
Odor threshold: Not determined

pH-value at 20 °C (68 °F): 6.25–8

Change in condition
Melting point/Melting range: 0 °C (32 °F)
Boiling point/Boiling range: 97 °C (206.6 °F)

Flash point: No flash to boiling

Flammability: Not applicable

Decomposition temperature: Not determined

Ignition temperature: Product is not self-igniting.

Danger of explosion: Product does not present an explosion hazard.

(Contd. on page 4)

Trade names: Bounce Instant Static Remover (Flairosol)

(Contd. of page 3)

Explosion limits:
Lower: Not determined
Upper: Not determined

Vapor pressure at 20 °C (68 °F): 23 hPa (17.3 mm Hg)

Density at 20 °C (68 °F): 1 g/cm³ (8.345 lbs/gal)
Vapor density Not determined
Evaporation rate Not determined

Solubility in / Miscibility with
Water: Not determined

Partition coefficient (n-octanol/water): Not determined

Viscosity:
Dynamic: Not determined
Kinematic: Not determined

Other information No further relevant information available.

10 Stability and reactivity

Reactivity Stable under normal conditions.
Possibility of hazardous reactions Under normal conditions of storage and use, hazardous reactions will not occur.
Conditions to avoid Avoid contact with incompatible materials.
Incompatible materials: Strong oxidizing materials.
Hazardous decomposition products:
Under normal conditions of storage and use, hazardous decomposition products should not occur.

11 Toxicological information

Information on toxicological effects

Acute toxicity: Based on available data, components are not acutely toxic.

LD/LC50 values that are relevant for classification:		
64-17-5 Ethanol		
Oral	LD50	7,060 mg/kg (rat)
Inhalative	LC50/4 h	20,000 mg/l (rat)

Primary irritant effect:
on the skin: Based on available data, the classification criteria are not met.
on the eye: Based on available data, the classification criteria are not met.
Sensitization: Based on available data, the classification criteria are not met.
Additional toxicological information:
The product is not subject to classification according to internally approved calculation methods for preparations:
When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.

Carcinogenic categories

IARC (International Agency for Research on Cancer)
None of the ingredients are listed.

NTP (National Toxicology Program)
None of the ingredients are listed.

OSHA-Ca (Occupational Safety & Health Administration)
None of the ingredients are listed.

(Contd. on page 5)

Trade names: Bounce Instant Static Remover (Flairosol)

(Contd. of page 4)

CMR effects (carcinogenicity, mutagenicity and toxicity for reproduction)
Germ cell mutagenicity Based on available data, the classification criteria are not met.
Carcinogenicity Based on available data, the classification criteria are not met.
Reproductive toxicity Based on available data, the classification criteria are not met.
Specific target organ toxicity - single exposure Based on available data, the classification criteria are not met.
Specific target organ toxicity - repeated exposure Based on available data, the classification criteria are not met.
Aspiration hazard Based on available data, the classification criteria are not met.

12 Ecological information

Toxicity
Aquatic toxicity: No further relevant information available.
Persistence and degradability No further relevant information available.
Behavior in environmental systems:
Bioaccumulative potential No further relevant information available.
Mobility in soil No further relevant information available.
Additional ecological information:
General notes:
Water hazard class 1 (Self-assessment): slightly hazardous for water
Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.
Results of PBT and vPvB assessment
PBT: Not applicable
vPvB: Not applicable
Other adverse effects No further relevant information available.

13 Disposal considerations

Waste treatment methods
Recommendation: Dispose of contents/container in accordance with local/regional/national/international regulations.

Uncleaned packagings:
Recommendation: Disposal must be made according to official regulations.
Recommended cleansing agent: Water, if necessary with cleansing agents.

14 Transport information

UN-Number	
DOT, IMDG, IATA	not regulated
UN proper shipping name	
DOT, IMDG, IATA	not regulated
Transport hazard class(es)	
DOT, ADN, IMDG, IATA	
Class	not regulated
Packing group	
DOT, IMDG, IATA	not regulated
Environmental hazards:	not applicable
Special precautions for user	not applicable
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code	not applicable
UN "Model Regulation":	not regulated

(Contd. on page 6)

Trade names: Bounce Instant Static Remover (Flairosol)

(Contd. of page 5)

15 Regulatory information

Safety, health and environmental regulations/legislation specific for the substance or mixture
Sara

Section 355 (extremely hazardous substances):
None of the ingredients are listed.

Section 313 (Specific toxic chemical listings):
Either ingredients are not listed or below threshold for disclosure.

TSCA (Toxic Substances Control Act):
All ingredients are listed or exempt.

Hazardous Air Pollutants
Either ingredients are not listed or below threshold for disclosure.

16 Other information

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.

Date of preparation / last revision 05/08/2026 / -

Abbreviations and acronyms:

IMDG: International Maritime Code for Dangerous Goods
DOT: US Department of Transportation
IATA: International Air Transport Association
EINECS: European Inventory of Existing Commercial Chemical Substances
ELINCS: European List of Notified Chemical Substances
CAS: Chemical Abstracts Service (division of the American Chemical Society)
LC50: Lethal concentration, 50 percent
LD50: Lethal dose, 50 percent
PBT: Persistent, Bioaccumulative and Toxic
vPvB: very Persistent and very Bioaccumulative
OSHA: Occupational Safety & Health
TLV: Threshold Limit Value
PEL: Permissible Exposure Limit
REL: Recommended Exposure Limit
